

Scavenger Hunt - *Finding Nature Near you!*

First, circle which type of environment you live in:

Urban

Suburban

Rural

Next, go on a walk around your neighborhood with your grownups (make sure to wear a mask if you'll be around others!) and try to find the following items. Once you've found each item, add a check mark, or draw a picture of what you found!

Item	Checkmark or Drawing
A tree	
3 different colors of flowers	
A body of water	
A bird	
An animal	
BONUS: A solar panel	
BONUS: A honeybee
