Dear \_\_\_\_\_,

My name is \_\_\_\_\_ and I am a resident of  
(*city/neighborhood*). I am concerned about  
(*describe problem*). To fix this problem we need  
to (*describe solution*). Thank you for your  
support!

# Creative Writing

Here are some ideas for things you could write  
about:

- Why is the Earth special?
- A story about how you and your friends  
and family can help work together to fix  
issues in your neighborhood.
- You are a superhero named after your  
nature name. Write a story about your  
superpower and the problems you come  
across.

**Sprout Up's Guide  
to  
Youth Activism**

## What is Activism?

Activism means working together to make a difference in your building, community, or the world! There are lots of ways you can be an activist:

Arts activism

Music activism

Writing letters to your principal, mayor, or other representative

Marching or protesting

Public speaking

& so much more!

## Find a Problem!

What in your environment would you like to change? This is your problem!

Examples of Problems:

There aren't many plants outside my home

There is not a bike lane on my street

Composting is not available in my city

Once you know your problem, try to find out if anyone else is already working on the problem, so that you can work together!

## Arts Activism

Create a piece of art that gets people thinking about a problem! For example:

A poster

Writing a song

Creating a short film

A sculpture made of trash
